Inspiration Guide

A lush garden scene with tall green plants, a stone path, and a small lamp. The background is a soft-focus view of a garden with tall green plants, a stone path, and a small lamp. The foreground is a dark blue semi-transparent box containing text.

Make Life Beautiful

Imagine stepping outside your home into your very own oasis. Sit back and listen to the soothing sounds of running water as you enjoy the enchanting sights of nature. Feel the cares of today's busy world slip from your shoulders as you relax and de-stress in your very own personal paradise!

At Aquascape, our mission is to connect people to water the way nature intended. Browse through this inspiration guide and you're sure to find a water feature that will become the highlight of your outdoor living space. Add a touch of water to your patio with a simple AquaGarden or Patio Pond. Light up your evenings with a dazzling fire and water feature. Incorporate a Pondless® Waterfall or an ecosystem pond into your landscape to add aesthetic appeal to your property while providing a stunning backdrop for outdoor entertaining. You'll enjoy gathering friends and family near your beautiful water feature and witness the delight of children as they explore nature, up close and personal.

When you choose an Aquascape water feature, you can rest assured knowing our work focuses on providing customers a natural, environmentally-friendly approach to crafting and sustaining water features. At Aquascape, your paradise is our passion. For over 30 years, we've been creating and field-testing beautiful water features in order to provide the most reliable products and best value in the industry.

Mini Ponds

EUROPEAN TERRA COTTA 40" PATIO POND

Enjoy a complete water garden in a matter of minutes with easy-to-install Patio Ponds or AquaGarden kits. Create a beautifully planted container water garden with a variety of aquatic plants such as dwarf umbrella palm, water forget-me-not, dwarf horsetail, miniature Helvola waterlily, and so much more. Include underwater lighting and a couple of small fish like guppies or rosy reds for added interest and color.

Mini pond kits include a small waterfall or fountain to enjoy the soothing sounds of running water. A variety of small bamboo fountains (sold separately) can be added to Patio Ponds. Available in a variety of sizes and colors, you can place your mini pond on a deck, balcony, porch, patio, or even indoors.

Fountain Kits

SCALLOPED URN LANDSCAPE FOUNTAIN KIT

Aquascape fountain kits make it easy to add a splash of water to your outdoor living space. Available in a variety of options, you're sure to find one that suits your unique style. Fountain rocks create rustic appeal, while urns provide an elegant feel to your landscape.

Fountains can be added to any space in your yard, making them an ideal choice if you want a smaller water feature. Butterflies and birds will enjoy the refreshment your fountain brings to the garden. You'll delight in the new sights and sounds of nature that a fountain provides.

PONDLESS® WATERFALL VAULT

PATIO

The waterfall is, without a doubt, the most beautiful and sought-after landscape water feature. If space is limited in your yard, consider adding an Aquascape Pondless® Waterfall to enjoy the soothing sound of running water.

A waterfall can be soft and serene in the form of a babbling brook, or it can be more dramatic with a longer drop. Available in a variety of sizes and configurations, the Pondless Waterfall is a great option for both small and large outdoor spaces.

Waterfalls are extremely low maintenance, energy efficient, and attract a variety of wildlife. Children love exploring nature in and around the waterfall. Whether you add a waterfall to your front or backyard, be sure to locate it near a window so the melodious sounds can be enjoyed from inside your home, too!

Ecosystem Ponds

ECOSYSTEM POND

Imagine stepping outside your home into your very own backyard oasis, complete with a beautiful ecosystem pond. Sit back, relax, and enjoy the soothing sights and sounds of running water. Feel the cares of the world slip away as you enjoy your personal vacation spot!

An Aquascape ecosystem pond is self-sustaining, requires little maintenance, and provides an opportunity to have fish as pets, without the regular upkeep of an indoor aquarium. Pond plants give you the chance to broaden your gardening horizons with choices that go beyond the standard petunia and rose. Bird lovers will delight in the new variety of feathered friends that flock to a water feature.

Spend quality time relaxing by your pond with family and friends. You'll wonder why you waited so long to enhance your yard with a beautiful Aquascape ecosystem pond!

THE AQUASCAPE ECOSYSTEM POND

1. POND SKIMMER
2. BIOFALLS
3. POND PUMP

4. PIPING
5. ROCKS & GRAVEL

6. POND LINER & UNDERLAYMENT
7. PLANTS & FISH

FILTRATION SYSTEM

An ecosystem pond includes both a biological and mechanical skimmer filter. The biological filter provides surface area for beneficial bacteria to colonize and removes excess nutrients from the water. The mechanical filter houses the pump and skims debris from the water's surface to prevent organic materials from accumulating on the pond floor.

ROCKS AND GRAVEL

Rocks and gravel protect pond liners from UV light degradation. In addition, rocks and gravel provide surface area for beneficial bacteria to grow and break down excess nutrients in the water.

CIRCULATION SYSTEM

Your pond's circulation system consists of a pump and plumbing. These elements create an efficient system that keeps the water moving and provides necessary oxygen levels for healthy fish and plants.

FISH

Fish are an integral part of your pond as they reduce pond maintenance by grazing on string algae and bottom feeding from the pond floor. They also make enjoyable pets!

POND PLANTS

Plants add color and texture to your pond while providing beneficial filtration. They absorb nutrients in a pond, depriving algae of its food source. Pond plants are critical for the overall health of your pond's ecosystem.
